PREFATORY NOTE.

The present Catalogue of Officers and Graduates of COLUMBIA COLLEGE is the thirteenth which has been published. The first edition was issued in 1774. Subsequent editions were published in 1815, 1826, 1836, 1844, 1865, 1868, 1871, 1876, 1882, 1888, and 1894.

Since the last edition was issued the Catalogue has been carefully revised and largely supplemented. The "War Records of Alumni" contained in a pamphlet published under that title by the Committee in 1898, and much additional information have been embodied in the present edition. Return postal cards have been issued to every graduate whose address could be ascertained.

A Locality Index, containing the names of graduates grouped by states and cities, will serve to acquaint graduates with the names of fellow alumni residing in their immediate neighborhood, and it is hoped that it may lead to the formation of local alumni associations.

In this edition, as in the preceding one, the several departments have been arranged in the order of establishment, without reference to Schools, and the professors have been placed in their appropriate departments in the order of their appointment.

A brief historical note is appended, indicating in outline the constitutional history of the University; and an enumeration of graduates, living and dead, follows the list of Honorary Degrees.

Notwithstanding the efforts made to supply the deficiencies of former publications, imperfections will doubtless be detected in the present edition, and this note cannot be better concluded than by once more repeating the request made on former occasions, that every graduate will communicate to the "Committee on the General Catalogue," at the University, any information which will serve to improve it in future editions; completing first his own record, should he find it deficient, and notifying the Committee of any change of address, adding any important facts within his knowledge which this Catalogue does not contain in regard to any other graduate or graduates.

The first class met for instruction July 17 in the School House of Trinity Church.

1755

An additional charter passed the seals May 30, providing for the appointment of a Professor of Divinity of the Reformed Protestant Dutch Church.
